

## Facility Construction Project Photos – October 2024

#2016 ARCO AREA WATER AND SEWER EXTENSION (95% - NOVEMBER 2024)

1. UWS Crew Members are preparing an 8-inch sewer installation in the alleyway next to 6<sup>th</sup> Street between Hardee Avenue and Norwich Street.
2. 6-inch Concrete curbing and gutters are newly formed westbound on 5<sup>th</sup> Street between Marion Street and Franklin Avenue. Final paving and site restoration by the end of November.
3. Sewer installation in the alleyway between address 3708 and 3706 Hardee Ave is pending EOR review and direction to move forward. Constructability issues exist with a 3708 Hardee septic tank and a large oak tree.
