

## Facility Construction Project Photos – September 2024

1. Keith Strong (T&H Field Representative) and Jesse Williamson (RY Superintendent) discussing Precon's tank construction schedule and tank testing requirements.
2. View of ongoing construction activities – RY, Precon, and White Electrical crew members onsite.
3. RY crew members working on underground piping for the pump house building
4. Shawn Miller (Precon Project Manager) inspecting GST steel reinforcements.
